

Recommended Program of Study

Candidates who follow this suggested program of study will complete, in a timely manner, all necessary coursework and requirements for both Level I and II admission. To graduate UCA students must complete a minimum of 124 semester hours. This can be completed in eight 15-16 hour semesters. However, candidates in the English Education program must complete between 128 and 136 semester hours. As a result, they will need to take coursework during the summer in order to complete the program in four years.
