

## **Appendix 7**

### **Practicum Evaluation/LIBM 6390**

Students are asked to reflect upon the graduate practical field experience and submit comments on this form. This is optional but can provide data for future syllabus changes.

1. How was the LIBM practicum designed to meet you individual needs?
2. The practical field experience is an attempt to provide practice for the theory taught in the coursework prior to the field experience. What kind of “theory” were you able to put into practice. What kind of “theory were you able to observe?
3. What experiences did you expect to have?
4. What experiences did you have that were challenges?
5. Describe how the projects related to theory and practice?
6. Provide additional comments as desired.
